React Web Developer

SUMMARY

- Over 1 year of experience developing responsive, scalable web applications using React.js, Redux Toolkit, and modern UI libraries like Tailwind CSS and Material-UI.
- Integrated REST APIs and partnered with backend teams to deliver efficient, user-focused features in Agile projects.
- Played a key role in developing a production-level CRM platform, improving performance and building reusable, component-based features.
- Familiar with Git, GitHub, Jira, and Figma; proactive code reviews, debugging, and optimizing UI performance.

SKILLS

Technical Skills

- React.js, Redux Toolkit, Context API
- TypeScript, JavaScript (ES6+), HTML5, CSS3
- Responsive Design, Component-Based Architecture
- Tailwind CSS, Material-UI (MUI), Bootstrap
- Git, GitHub, Jira, VS Code
- RESTful API integration, Axios, Fetch API

Soft skills

- Communication Skills
- Attention to detail
- Analytical Thinking
- Time Management

EXPERIENCE

React Front-End Developer, *Pixi For technology*   08/2024 – 07/2025 | Cairo

- Led the front-end development of a responsive CRM web application using React.js and Bootstrap.
- Integrated REST APIs, enabling **100% coverage** of dynamic customer workflows in the app.
- Developed 10+ reusable, validated forms using React Hook Form, improving user experience and reducing errors.
- Delivered UI features for a CRM web app, reducing user input errors by **~25%** through reusable form validation.

React Front-End Developer, *Up-Skilling*   11/2023 – 02/2024 | Cairo

- Completed a 3-month intensive front-end bootcamp, delivering 5+ React projects aligned with real-world client scenarios.
- Built 20+ reusable React components and applied responsive design principles, achieving 100% mobile responsiveness across projects.
- Integrated 10+ REST APIs and implemented component-based architecture in 4 collaborative projects, improving maintainability and scalability.
- Enhanced collaboration and problem-solving skills through daily code reviews and pair programming.

Projects

Quiz App, *View on GitHub*

- Developed a responsive quiz platform with instructor tools, real-time results, and reusable components.

Stay Cation, *View on GitHub*

- Hotel booking UI with MUI, filters, and responsive design for seamless booking.

Project Management System, *View on GitHub*

- PMS-style interface with drag-and-drop task management and real-time updates.

Food App Admin Portal, *View on GitHub*

- Admin dashboard for managing recipes with CRUD operations and secure login.

Note App, *View on GitHub*

- Full-stack to-do app built with MERN stack, responsive UI using Bootstrap.

EDUCATION

Web Development Diploma, *Route Academy*   *2023* | Cairo, Egypt

B.Sc. Environmental Engineering, *Islamic University of Gaza*   *2017* | Gaza, Palestine
